

**ANALYSIS:** This product contains not less than:

- 12 % (wt/vol) organic humate  
Potassium (K) as organic matter  
25.0 g/L pH 10.8
- 18% (wt/vol) organic humate  
Potassium (K) as organic matter  
29.0 g/L pH 10.8
- 26% (wt/vol) organic humate  
Potassium (K) as organic matter  
50.0 g/L pH 10.8

**DIRECTIONS FOR USE:**  
SHAKE WELL BEFORE USE

**APPLICATION:**

Apply 10-20 litres of K-humate™ per hectare. Mix 1 part of K-humate™ to 200 parts of water before application. Suitable for application in irrigation systems. When mixing with other liquid fertilisers test for compatibility with a small quantity first and only mix enough for one application.

Do not store mixed product. For best results apply K-humate™ before fertiliser application.

**CONDITIONS OF SALE:**

Every care is taken during the manufacture of this product. However, as environmental conditions can vary considerably, no responsibility can be taken by the manufacturer, importer or his agents for any injury, damage, loss or other results following the use or misuse of this product.

K-humate™ soil conditioner is made from plant derived organic matter to benefit soil.

- Improves cation exchange capacity (CEC) and water holding ability.
- Promotes better soil structure.
- Improves retention and plant uptake of essential nutrients.
- Increases the effectiveness of applied fertilisers.

**CAUTION:**

Avoid contact with eyes. Keep out of reach of children. If swallowed seek medical advice. Do not store in direct sunlight.
