

Tracemol Lift

A mineral and vitamin enriched food supplement for livestock.

What is Tracemol Lift?

- Tracemol Lift is an animal supplement formulated to provide the full range of minerals and vitamins required for healthy growth and optimum production.
- Tracemol Lift is a unique formulation of essential minerals, trace elements, electrolytes, protein, carbohydrates and vitamins.
- Tracemol Lift is blended into a rich seaweed base. The seaweed type used is *ascophyllum nodosum*. This type has the highest level of minerals, vitamins and amino acids.
- Tracemol Lift is one of the most cost effective livestock supplements on the market.
- Pre-mating when higher levels of minerals such as selenium or iodine are beneficial.
- Whenever pasture or supplements provide less than a complete diet.
- Where soils, and consequently pasture, is deficient in minerals required by stock.
- On hay and silage which are normally deficient in essential minerals even when those minerals were available at cutting time.
- When seasonal variations in pasture quality could result in less than optimal animal performance.

Element	Grams per litre
Nitrogen	30.0
Potassium	30.0
Phosphorus	24.0
Calcium	0.3
Magnesium	0.3
Sodium	4.5
Sulphur	2.3
Chlorine	1.2
Iron	0.600
Manganese	0.090
Zinc	0.350
Boron	0.060
Copper	0.375
Iodine	0.150
Cobalt	0.090
Selenium	0.075
Sucrose	22.250
Vitamin A	150000 IU
Vitamin D	15000 IU
Vitamin E	90 IU

How is Tracemol Lift used?

- Oral drench
- Added to water troughs
- Poured on hay or grain
- In milk used to rear calves
- Available in 20 litres, 200 litres and 1000 litres

When is Tracemol Lift used?

- Ideal in times of stress such as docking, calving and weaning when the animal's demand for minerals and vitamins is high.

The Reaction™ Range Tailored Solutions, Proven Results

Tracemol Lift is part of the Reaction™ Range. The Reaction™ Range can be tailored to your farms requirements and include a combination of proven products which focuses on improving your soils, pasture and animal health. The range includes lime, solid and soluble fertilizers as well as our extensive range of multiblend liquids, soil conditioners and superior range of minor elements. This combined with our monitoring service ensures optimum results for your farming dollar. Please freephone Omnia on 0800 774 629 for more information.
